Dear Ones:

We send you greetings in the name of our Saviour who loved us and gave Himself for us.

You may have already heard of the broadcast which we now have on radio station XEG from Monterrey, Mexico. Or if you have not heard we wanted to write you and let you know. This is a very powerful radio station of 100,000 watts and it is quite possible that you could hear it in your area and all over North America. It is 1050 kilocycles on the dial. The time will be 11:30 p.m. CST. This is a weekly broadcast each Friday.

We will be bringing a short message and sometimes a song with perhaps some reports of the mission work and its activities. Please help us pray that this venture may be a blessing to many souls. Also that we may be able to reach those who have not heard the gospel before.

If you have any suggestions how to make it more effective please let us hear from you for we believe that God will use this broadcast for His glory.

With Christian love,

Willie and Frances

P.S. Copies of these messages in typewritten form will be available free of charge upon request.
